Stronger Than Paper, More Versatile Than Cloth

Now there's a new alternative in press wiping tools... Sontara[®] PC[™] wipers. Nothing beats them in all-around performance. Wet, dry or in-between, Sontara[®] PC[™] wipers are more versatile than cloth rags, stronger and more durable than paper — and less expensive in use than either one! They're made under strict production controls to provide consistent quality, uniform size and packaging...all the performance advantages you expect from DuPont.

Ideal For Cleaning Presses, Rollers & Plates

Sontara[®] PC[™] is the perfect choice for printing applications because it's a tough, durable material that resists abrasion and solvents, contains no binders or glues, is low-linting and highly absorbent in water, oil and solvents. Sontara[®] PC[™] is manufactured in a spunlacing process, using needle-like jets of water to "entangle" fibers into one of the strongest and cleanest wiping fabrics ever made.

Features

- Engineered specifically for wiping
- Manufactured in a spunlacing process
- Made under strict production controls, ensuring consistent quality and uniform size
- Contains no binders or glues

Benefits

- Exceptionally low-linting
- Stronger than paper, more versatile than cloth rags
- Resists abrasion and solvents
- Highly absorbent in water, oil, printer's ink and solvents
- Can be reused again and again — yet it's inexpensive enough to use as a disposable

Applications

- Cleaning printing presses
- Wiping blankets and plates
- Graphic arts cleanup
- Wide variety of manufacturing applications

Product Guide

SKU #	ITEM	COLOR	PACKAGING	WIPER SIZE	TOTAL COUNT
DUPC1417	Sontara® PC™	Blue	Flat/Bulk	14" x 17"	500
DUPC36	Sontara® PC™	Blue	Boxed Roll	200 yd. roll/36" wide	1
DUPC48	Sontara® PC™	Blue	Boxed Roll	200 yd. roll/48" wide	1

Everything A Wipe Should Be

Tough and Durable for Multiple Reuse

In test after test, Sontara® PC wipers have proven to be among the strongest—wet or dry. Can be reused over and over, yet is inexpensive enough to use as a disposable.

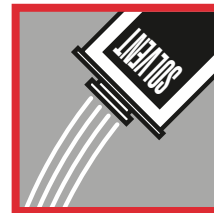

Absorbent and Wipes Dry

Sontara® PC soaks up to four times its weight in water, and also absorbs oil, printer's ink and solvents. Works fast for excellent wipe-dry.

Low-Linting

Leaves behind virtually none of the lint you get with paper, and has no additives to contaminate surfaces. Plus, it's soft enough for gumming and drying printing plates.

Solvent-Resistant

Stands up to MEK and other solvents or cleaning agents without falling apart.

Saves Money

They last longer and that means fewer wipers per task.
